Contents

Note : The information in this document has been superseded. For the latest main bearing information, refer to TSB100907. This document will be kept active for information purposes only.

This document introduces new main bearings for use on QSK45, QSK60, and QSK78 diesel engines.

The new main bearings are made from an improved material. The new material has a higher resistance to wear and improves durability.

The new main bearings went into production at the Daventry Engine Plant (DEP) on 02-Jun-2008.

The engine serial number (ESN) first for QSK45 and QSK60 engines is 33173996.

The engine serial number (ESN) first for the QSK78 engine is 66301055.

Main Bearing Location	New Part Number	Description	Old Part Number
Upper	3639847	Bearing, Main	3082340
Lower	3639837	Bearing, Main	3082346
New Main Bearing Kits			
Engine Family	New Kit Part Number	Description	Old Kit Part Number
QSK45*	4955883	Kit, Main Bearing	4024797
QSK60	4955883	Kit, Main Bearing	4024792
QSK78	4955888	Kit, Main Bearing	4089937
* The QSK45 kit will have two extra main bearings which can be discarded.
