Description

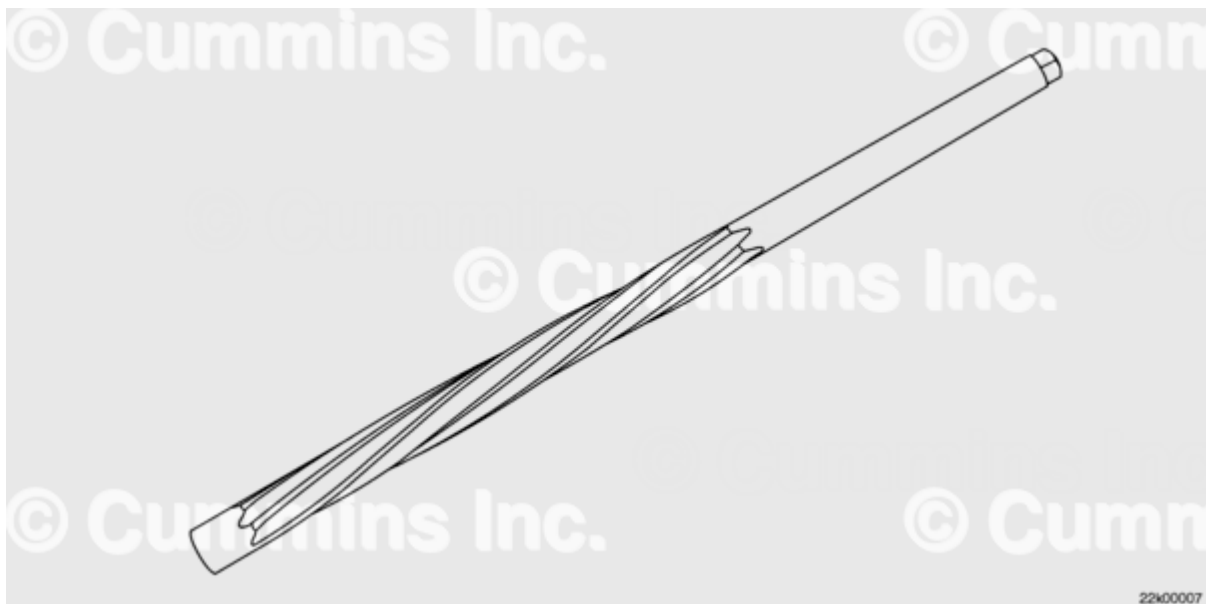

Valve Guide Reamer

Purpose

This document provides information for the valve guide reamer, Part Number 5298510. The reamer is used, with inspection gauge, Part Number 5298508, to machine the valve guide bore of the cylinder head of QSK19, QSK45 and QSK60 engines.

Note : This reamer is not to be used on QSK60 Gas engine cylinder heads.

- For the QSK19, use the following procedure for additional information on the valve guide reamer in the QSK19, QSK19 CM850 MCRS, and QSK19 CM2150 MCRS Service Manual, Bulletin 4021592. Refer to Procedure 002-004 in Section 2.
(/qs3/pubsys2/xml/en/procedures/20/20-002-004-tr.html)
- For the QSK 45, QSK60, QSK60 CM850 MCRS and QSK60 CM2150 MCRS, use the following procedure for additional information on the valve guide reamer in the QSK45 and QSK60 Service Manual, Bulletin 4021530. Refer to Procedure 002-004 in Section 2.
