New Valve Springs for QSK45 and QSK60

New Valve Springs for QSK45 and QSK60

Warranty Statement

The information in this document has no effect on present warranty coverage or repair practices, nor does it authorize TRP or Campaign actions.

Contents

This document announces a new valve spring, valve spring retainer, and the associated cylinder heads for QSK45 and QSK60 diesel and gas engines. The new valve spring and valve spring retainer were released to improve valve spring durability.

When changing valve springs, both valve springs under the same crosshead should be changed. Never install valve springs with different part numbers under the same crosshead. When installing the new valve spring, Part Number 4372408, **always** install the new valve spring retainer, Part Number 4372314.

The remove and install procedures remain the same for both valve springs. For valve spring height specifications, use the following procedure in the QSK45 and QSK60 Service Manual, Bulletin 4021530. Refer to Procedure 002-004 in Section 2. (</qs3/pubsys2/xml/en/procedures/56/56-002-004-tr.html>)

Table 1, Valve Spring and Valve Spring Retainer Part Numbers

Part Description	Existing Part Number	New Part Number
Valve Spring	3635455	4372408
Valve Spring Retainer	3641536	4372314

Table 2, Associated Cylinder Head Part Numbers

Part Description	Existing Part Number	New Part Number
Cylinder Head	4313888	3650877
	4313889	3650878

Table 3, Service Kit with New Valve Spring and Valve Spring Retainer

Part Description	Part Number
Service Kit	4376153

Table 4, Contents of Service Kit, Part Number 4376153			
Part Description		Part Number	Quantity
Valve Spring		4372408	1
Valve Spring Retainer		4372314	1
Table 5, Daventry Engine Plant Information			
Part Description	New Part Number	ESN First	Build Date
Cylinder Head	3650877	33202442	Not Available
Cylinder Head	3650878	33202437	Not Available
Engine build date can be found on the engine dataplate.
