Description

Fuel Pump Gear Remover Kit

Purpose

This document provides information for Fuel Pump Gear Remover Kit, Part Number 4919304. The kit is used to remove the drive gear and hub assembly on the QST 30 engine.

For additional information on removing the fuel pump gear, refer to Procedure 009-011 (</qs3/pubsys2/xml/en/procedures/57/57-009-011-tr.html>) in Section 9 of the QST30 Service Manual, Bulletin 4021539.

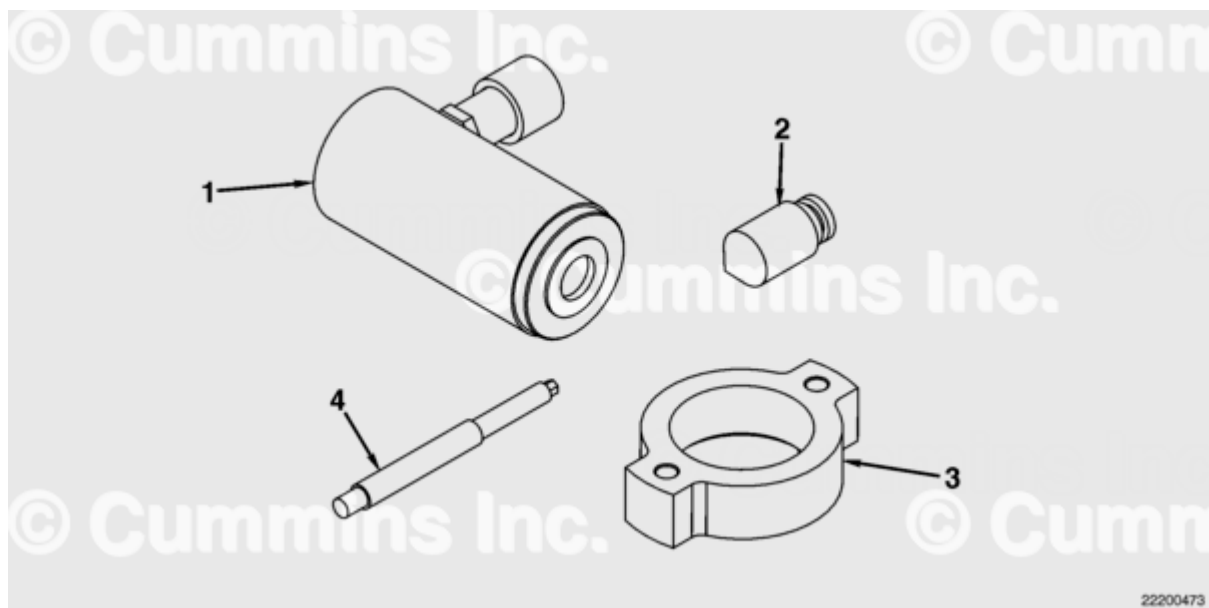

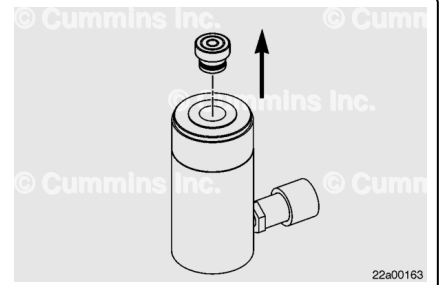

Table 1, Fuel Pump Gear Remover Kit, Part Number 4919304

Item Number	Part Number	Description	Quantity
1	4919106	Hydraulic Cylinder	1
2	4919517	Adapter	1
3	4919305	Mounting Plate	1
4	4919307	Remover Screw	2
Not shown	3094937	Regular Hexagon Nut	2

Remove the existing adapter from the hydraulic cylinder, Part Number 4919106.

Install the adapter and o-ring assembly, Part Number 4919517 into the hydraulic cylinder until the assembly is fully inserted.
