05a00094

Figure 1, Bosch® Fuel Injection Pump Dataplate

Dataplate is mounted on outboard side of injection pump housing and provides the following information:

1. Injection pump serial number
2. Bosch® part number
3. Bosch® pump identification code

- Flange mount pumps begin with letter designation "PES", and base mount pumps begin with letter designation "PE".

4. Cummins® part number (first seven digits of line).

New Fuel Pump Service Kits

Table 1, New Fuel Pump Kits, introduces the new fuel pump kits for the P7100, P8500, P8500 light-load advance, and RP39 fuel pumps. If an entire fuel pump is rewired for service, order the appropriate kit listed in Table 1, New Fuel Pump Kits, Spline Gears, spline gear nuts, and oil feed hole o-rings are now supplied so it is **not** necessary to reuse these components from pump.

Table 1, New Fuel Pump Kits and Contents

Kit Part Number	Part Description	Obsolete	Pump Description	Pump Part Number	Obsolete	Spline Gear	Nut	Oil Supply O-Ring
4025258	Fuel Pump kit	Yes	P8500 flange (left)	3094435	Yes	3093561	3094892	4068689
4025259	Fuel pump kit	Yes	P8500 flange (right)	3094436	Yes	3093561	3094892	4068689
4025260RX	Fuel pump kit	No	RP39 flange (left)	2881832	No	3093559	3094343	4068689
4025261RX	Fuel pump kit	No	RP39 flange (right)	2881833	No	3093559	3094343	4068689
4025262	Fuel pump kit	Yes	P8500 light-load advance (left)	3093638	No	3093561	3094892	4068689
4025263	Fuel pump kit	Yes	P8500 light-load advance (right)	3093637	No	3093561	3094892	4068689
4025264RX	Fuel pump kit	No	P7100 flange (left)	3093634	No	3093561	3094892	4068689
4025265RX	Fuel pump kit	No	P7100 flange (right)	3093633	No	3093561	3094892	4068689

Note : New pump kits are not available for the base mount type of fuel pump. Part numbers as stated with “obsolete” are no longer available for service purchase and may be purchased from a third party unless superseded with another part number or Recon® suffix part number.

Service Parts Available by Fuel Pump Part Number

Tables 2, 3, and 4 list the part numbers and quantities available for service on each fuel pump. The service parts are interchangeable for both the left-bank and right-bank applications.

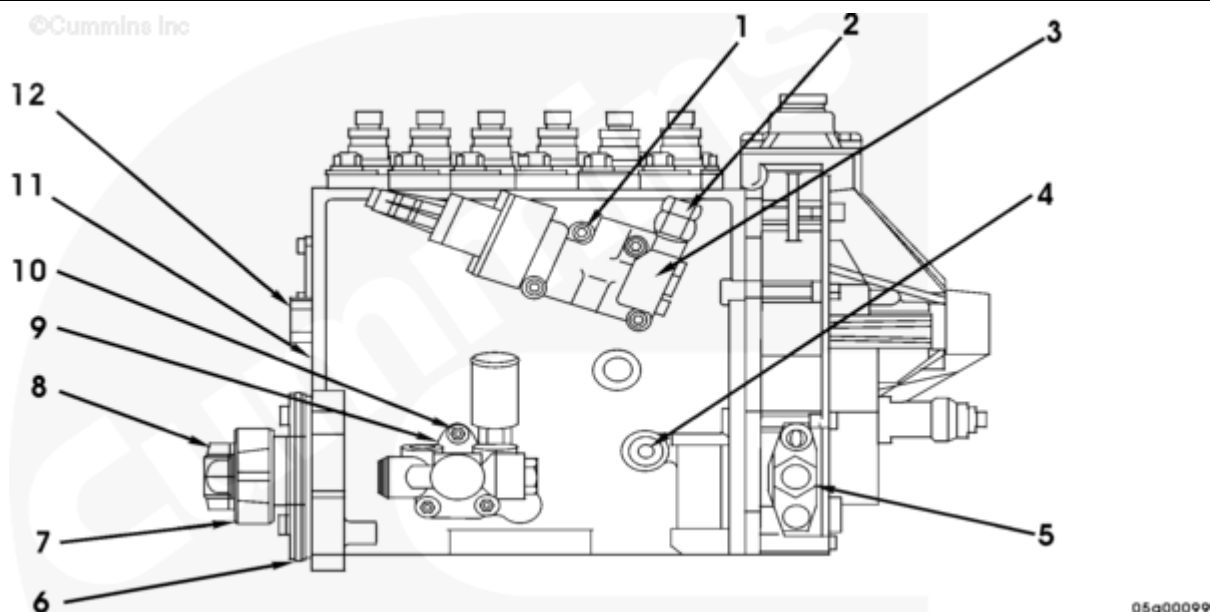

Figure 2, Industrial Fuel Pump (RP39).

Table 2 lists parts for the RP39 flange mount fuel pump, Part Numbers 2881832 (left bank) and 2881833 (right bank).

Table 2, Industrial Fuel Pump Service Parts; Reference Figure 2

Figure 2, Item Number	Cummins Part Number	OEM Part Number	Description	Quantity
1	3092738	2 914 552 155, 6216 79 1640	EHAB mounting screw	3
1	3092739	2 912 742 209, 6216 79 1650	EHAB mounting screw	2
2	3092734	2 417 413 082	Overflow valve	1
3	3092737	2 417 205 029, 6216 79 1630	EHAB shutoff device (24-VDC)	1
Not shown	3092200	2 410 206 009, 6216 74 6350	O-ring seal	2

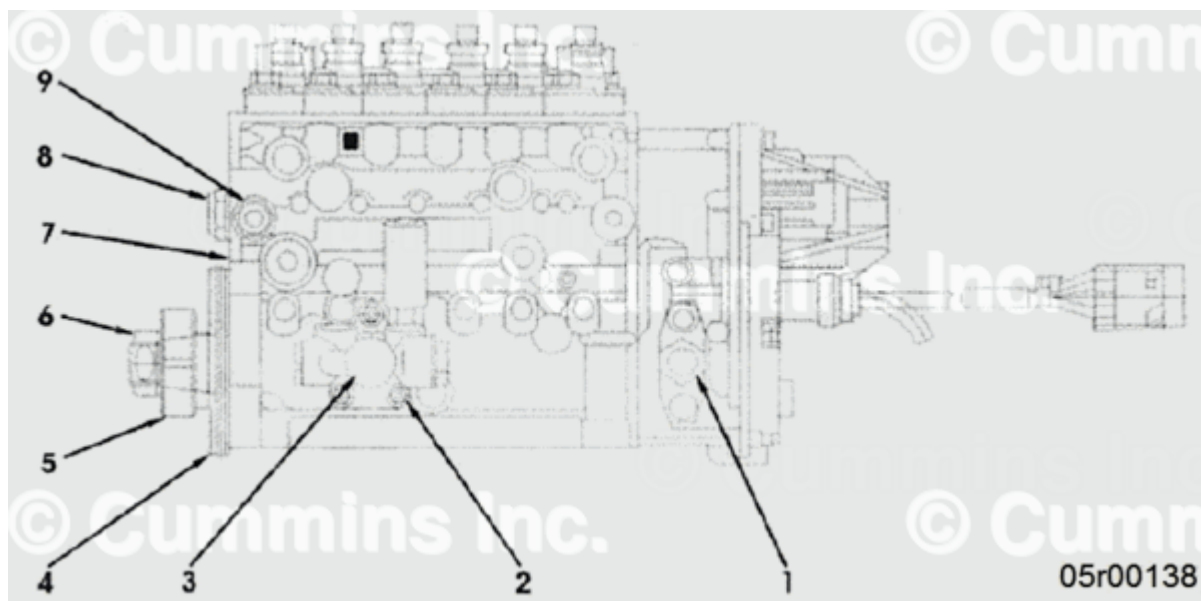

Figure 3, Generator-Drive Flange Mount Fuel Pump.

Table 3 lists service parts for the following generator-drive flange mount fuel pumps:

- P8500 light-load advance, flange mount, Part Numbers 3093279 (left bank) and 3093728 (right bank)
- P7100 flange mount, Part Numbers 3093281 (left bank) and 3093280 (right bank)
