Introduction of New Modular Common Rail System (MCRS) Fuel Pumps with Brass Tappet Bushings

Introduction of New Modular Common Rail System (MCRS) Fuel Pumps with Brass Tappet Bushings

Warranty Statement

The information in this document has no effect on present warranty coverage or repair practices, nor does it authorize TRP or Campaign actions.

Contents

Product Affected

The following Tier II and Tier III engines with modular common rail system (MCRS) fuel pumps are affected:

- QSK19 CM850 MCRS
- QSK19 CM2150 MCRS
- QSK38 CM850 MCRS
- QSK38 CM2150 MCRS
- QSK38 CM2150 K106
- QSK50 CM850 MCRS
- QSK50 CM2150 MCRS
- QSK50 CM2150 K107
- QSK60 CM850 MCRS
- QSK60 CM2150 MCRS

Description of Change

This document announces changes to the modular common rail system (MCRS) fuel pump.

Fuel pumps featuring a new cam follower roller have been released and supersede the previous steel on steel roller fuel pumps. The new roller has an internal brass bushing to provide improved tolerance to marginal lubricating conditions.

This is an implementation for all modular common rail system (MCRS) product of the improvements released previously for Power Generation modular common rail system (MCRS) product. See TSB110215.

Service Parts Availability

Service parts are available. See Table 1 for part numbers.

Table 1, Modular Common Rail System (MCRS) Fuel Pump Part Numbers

Engine	Obsolete Part Number	New Part Number	Release Date
QSK19 CM850/CM2150	2888712	4306517	10 October 2014
QSK38 CM2150	2888797	4306516	19 January 2015
QSK50/60 CM850 (GEN)	2886864	2888810	08 August 2013
QSK50/60 CM850 (IND)	2888749	2888810	09 August 2013
QSK50/60 CM2150	2888798	4306515	25 July 2012

Part Identification

The new brass roller bushing fuel pumps can be distinguished using the part number listed on the fuel pump data tag located on the outboard facing side of the fuel pump. This excludes the QSK38 CM850 service fuel pump which will remain part number 2888748.

Part Structure

The new parts are backwards compatible.

The previous part number has been obsoleted and superseded by the new part number. See Table 1.

Part Inventory Action

Use existing part number inventory before using the new part number.

Production Status

Implemented for production. See Table 2

Table 2, Production Information¹

Fuel Pump Part Number	Engine Serial Number (ESN) First	Build Date ²	Engine Family	Plant
4306515	33200348	10 March 2014	QSK50/60 CM2150	Daventry Engine Plant
4306516	33203578	22 January 2015	QSK38 CM2150	Daventry Engine Plant
4306517	TBD	TBD	QSK19 CM850/CM2150	Seymour Engine Plant
4306517	25407261	9 December 2015	QSK19 CM2150	Cummins India LTD. Plant
2888810	33197282	2 April 2013	QSK50/60 CM850	Daventry Engine Plant

Table 2, Production Information ¹				
Fuel Pump Part Number	Engine Serial Number (ESN) First	Build Date ²	Engine Family	Plant
¹ Additional ESN first information will be provided when available from the plants				
² Engine build date can be found on the engine dataplate.				

Document History
