Customer Communication

INSITE™ electronic service tool engine control module (ECM) images have proven a valuable resource to aid in product issue resolution. As part of an effort to start leveraging this resource and reduce product issue resolution cycle times as much as possible, Cummins Inc. requests field personnel share ECM images by selecting the "Enable Cummins Inc. Data Collection" option in the INSITE™ electronic service tool.

Verification

To verify if INSITE™ electronic service tool is able to share data:

- Open INSITE™ electronic service tool
- Select the 'Tools' drop down menu
- Select 'Options'
- Select 'Work Orders'
- Locate the tick box titled 'Enable Cummins Inc. data collection'. See Figure 1 below.
